1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975 ("Equity Trustees"), a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Fund's Responsible Entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Fund's Responsible Entity are governed by the Fund's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed Mirae Asset Global Investments (Hong Kong) Limited as the investment manager of the Fund. Equity Trustees has appointed a custodian to hold the assets of the Fund. The custodian has no supervisory role in relation to the operation of the Fund and is not responsible for protecting your interests.

The Investment Manager

Mirae Asset Global Investments (HK) Limited

Mirae Asset Global Investments (Hong Kong) Limited ("Mirae Asset HK" or "Investment Manager") is an asset management company incorporated in Hong Kong and part of the Mirae Asset Global Investments Group ("Mirae Asset"), a global asset management company specialising in the emerging markets. Established in 1997 and headquartered in Korea, Mirae Asset has since expanded its presence globally to 12 locations including Australia, Brazil, Taiwan, India, United Kingdom, Canada, USA, China and Vietnam. Mirae Asset offers a diversified product range encompassing the full spectrum of asset classes including equity, fixed income, exchange traded funds and alternatives.

Mirae Asset HK is responsible for managing and distributing Mirae Asset's Asia Pacific ex Japan products, including single country, regional and sector/thematic funds and segregated mandates. This includes products of various jurisdictions and legal structures, including funds domiciled in Korea, Hong Kong, Luxembourg and the Cayman Islands.

2. How the Mirae Asset Asia Sector Leader Equity Fund - Class A works

The Fund is a registered managed investment scheme. The Fund is governed by the Constitution. The Fund seeks to meet its investment objective by investing approximately 90-100% of its assets in the Mirae Asset Asia Sector Leader Equity Fund, a sub-fund of the Luxembourg domiciled SICAV Mirae Asset Global Discovery Fund ("Underlying Fund"). The residual balance of assets will be maintained in cash or cash equivalent investments for liquidity purposes. The Fund comprises assets which are acquired in accordance with the Fund's investment strategy. Investors receive units in the Fund when they invest. In general, each unit represents an equal interest in the assets of the Fund subject to liabilities; however it does not give investors an interest in any particular asset of the Fund.

If you invest in the Fund through an IDPS (as defined in the Reference Guide) you will not become a unitholder in the Fund. The operator or custodian of the IDPS will be the unitholder noted in the Fund's register and will be the only person who is able to exercise the rights and receive benefits of a unitholder. Please direct any issues and queries relating to your investment to your IDPS Operator. All amounts are in Australian dollars.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS. The minimum investment amount for the Fund is \$25,000. Equity Trustees may, at its discretion, accept amounts lower than the minimum and reject subscriptions depending on circumstances of the application.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day (as defined in the Reference Guide) is, in general terms, equal to the net asset value ("NAV") of the Fund, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, there is no Buy Spread. The Application Price will vary as the market value of assets in the Fund rises or falls.

Making additional investments

You can make additional investments into the Fund at any time by sending us your additional investment amount together with a completed Application Form. The minimum additional investment into the Fund is \$10,000.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Fund usually distributes income annually at 30 June. Distributions are calculated on the last day of each period and are normally paid to investors as soon as practicable after the distribution calculation date, but in any event within 3 months of the end of the financial year. Equity Trustees may change the distribution frequency without notice.

Investors in the Fund can indicate a preference to have:

- their distribution reinvested back into the Fund; or
- their distribution directly credited to their nominated Australian domiciled bank account.

Australian investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received prior to the next valuation time after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, where an investor makes a large withdrawal request (5% or more of the units on issue), their withdrawal proceeds may be taken to include a component of distributable income.

Indirect Investors should review their IDPS guide for information on how and when they receive any income distribution.

Access to your money

Investors in the Fund can generally withdraw their investment by completing a written request to withdraw from the Fund and mailing it to:

Mainstream Fund Services Pty Ltd

Client Services Registry Team

GPO Box 4968

Sydney, NSW, 2001

Or sending it by fax to: +612 9251 3525

Or emailing the request to registry@mainstreamgroup.com (Please insert the fund name in the subject line)

The minimum withdrawal amount is \$10,000. Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow investors to access their investment within 14 days of receipt of a withdrawal request by transferring the withdrawal proceeds to such investors' nominated bank account. However, the Constitution allows Equity Trustees to reject withdrawal requests and also to make payment up to 21 days after acceptance of a request (which may be extended in certain circumstances). The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Fund, divided by the number of units in issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, there is no Sell Spread. The Withdrawal Price will vary as the market value of assets in the Fund rises or falls.

Equity Trustees reserve the right to fully redeem your investment if your investment balance in the Fund falls below the minimum balance of \$25,000 as a result of processing your withdrawal request. Equity Trustees can deny a withdrawal request in certain circumstances, including where accepting the request is not in the best interests of investors in the Fund or where the Fund is not liquid (as defined in the Corporations Act). When the Fund is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers. If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available to investors free of charge on request.

Additional information

If and when the Fund has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity the Fund will be subject to regular reporting and disclosure obligations. Investors would have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Fund may be obtained from or inspected at an ASIC office.

3. Benefits of investing in the Mirae Asset Asia Sector Leader Equity Fund - Class A

3.1 Significant features

The Fund will be primarily invested in the Underlying Fund. The primary objective of the Underlying Fund is to achieve long term capital growth by investing mainly in equities and equity related securities of sector leading companies domiciled in or exercising a large portion of their economic activity in countries of Asia (ex. Japan), including Korea, Taiwan, China, Hong Kong, Singapore, India, Malaysia, Indonesia, Thailand and Philippines but additional opportunities are also sought, whenever regulations permit, in any of the emerging market in Asia.

3.2 Significant benefits

The Underlying Fund focuses on identifying the region's 'Sector Leaders', which are defined as companies possessing a leading position in their respective industry, product or service category, and which benefit from competitive advantages that will deliver sustainable growth over the long-term. These are typically companies with strong business models buttressed by scalable economic barriers and which are led by competent management teams who demonstrate due consideration for minority shareholders' interests. The 'Sector Leader' approach invests in companies that are considered to be highly ranked at present or in the future, in terms of market share, earnings or market capitalization within their respective sectors.

The Underlying Fund is managed using a fundamental, bottom-up and benchmark-agnostic approach that aims to identify companies with sustainable competitiveness. The Investment Manager aims to construct a concentrated portfolio of 40 to 50 stocks based on high conviction investment ideas. Input from research analysts plays a critical role in the formation of investment ideas and portfolio construction, and the Investment Manager benefits from a regional network of on-the-ground analysts. Mirae Asset has a presence in 12 countries and with over 100 investment professionals located in Asia, and possesses the presence, scale and resources to provide clients with deep coverage of global emerging markets. This extensive presence in the region and unique Asian heritage means that Mirae Asset HK can offer a compelling investment proposition to clients.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The table below highlights the significant risks you should consider when deciding whether to invest in the Fund. You may want to consider these risks in light of your risk profile. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

Neither Equity Trustees nor Mirae Asset HK guarantee the liquidity of the Fund's investments, the success, repayment of capital or any rate of return or the Fund's investment performance. The value of the investments will vary. You may lose money by investing in the Fund and your investment in the Fund may not meet your objectives. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may also change in the future.

We do not offer advice that takes into account your personal financial situation, including advice about whether the Fund is suitable for your circumstances. If you require personal financial advice, you should contact a licensed financial adviser.

The Fund may be exposed to risks directly or indirectly through its investment in the Underlying Fund, which are described below and in the RG. However, these risks are not exhaustive and there could be other risks that could adversely affect the Fund.

Individual investment risk

Investments to which the Underlying Fund is exposed, such as shares on a stock exchange, can (and do) fall in value for many reasons, such as changes in a company's internal operations or management, or in its business environment. The Investment Manager aims to reduce these risks with careful analysis and by talking to those people who run companies and are responsible for changes which may impact on the Underlying Fund's investments.

Active management

Typically, the Investment Manager actively seeks attractive securities to invest in, rather than investing in a predetermined basket of securities, such as a basket of securities that reflects an index. Consequently, as the Underlying Fund does not fully replicate the securities by reference to which the benchmark index is calculated, the Underlying Fund may underperform relative to its stated benchmark.

Emerging markets/regional risk

There is a risk associated with investing in securities issued by companies domiciled in countries with less developed political, economic and financial systems. Some countries in the Asia region may prohibit or impose substantial restrictions on investments by foreign investors. Additionally, the share price and currency volatility are generally higher in emerging markets than developed markets, and may be subject to greater fluctuations.

Concentration risk

As the Underlying Fund has a more concentrated portfolio of investments, it may experience higher volatility than a more diversified portfolio.

Fund risk

Risks particular to the Fund include that it could terminate the fees and expenses could change (we would always give you at least 30 days' notice if fees were to increase), the Investment Manager or Responsible Entity could be replaced and the Investment Manager's investment professionals could change. There is also a risk that investing in the Fund may give different results than investing individually because of income or capital gains accrued in the Fund and the consequences of investment and withdrawal by other investors.

Liquidity risk

There may be times when securities may not be readily saleable (for example a securities exchange imposed limit on price fluctuations on a particular day in both falling and rising market conditions) and this may impact the investment and markets to which the Fund has exposure.

If there is an interruption to regular trading in a market generally, or for a particular investment to which the Fund has exposure, there may be delays in processing withdrawal requests. Neither the Responsible Entity nor the Investment Manager guarantees the liquidity of the Fund's investments or of investments in the Fund.

Currency risk

The Underlying Fund may invest in securities denominated in currencies other than Australian dollars. If these currencies change in value relative to the Australian dollar, the value of the investment can change. The Investment Manager will not typically hedge currency risk to Australian dollars.

Market risk

The value of your investment and market price of securities owned by the Underlying Fund may be affected by changes in legal and economic policy, political events, technology failure, economic cycles, investor sentiment and social climate, which can all directly or indirectly create an environment that may influence (negatively or positively) the value of your investments in the Fund. Neither past nor current performance should be taken as an indication or guarantee of the Fund's future performance.

5. How we invest your money

Warning: Before choosing to invest in the Fund you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

The primary objective of the Mirae Asset Asia Sector Leader Equity Fund is to achieve long term growth through capital appreciation, measured in Australian Dollars, through the Underlying Fund.

Benchmark

MSCI All Country Asia ex-Japan Index.

Minimum suggested time frame

The minimum suggested investment time frame for the Fund is 5-7 years.

Risk level of the Fund

High

This grading is not intended to be a guarantee of any actual level of risk or an indication of likely returns.

Investor suitability

The Fund is generally suitable for risk-oriented investors seeking the potential for capital appreciation over time and greater diversification for their equity investments who can accept the risks associated with investing in equities, as well as the special risks that accompany emerging markets.

Investment style and approach

The Investment Manager will construct a high conviction portfolio using a bottom up approach, driven by fundamental research. When researching a company, whether a company maintains or gains sustainable competitiveness and sustainable earnings growth are key to the Fund's buy and sell discipline. The benchmark has little impact on the investments of the Fund as the Investment Manager seeks out the best companies in the best performing sectors for the Fund. Sustainable competitiveness can depend on a number of factors, such as the structural environment of the country, economy, industry and market while earnings growth will depend on a company's technology/service/brand power, exclusivity, earnings sustainability and management quality issues.

The Investment Manger adopts a proprietary scoring methodology, the Sustainable Competitiveness Scorecard which is a tool to identify quality companies with long-term sustainable competitiveness through fundamental stock picking. This is complemented with a proprietary Environment Social and Governance (ESG) Scorecard which aims to evaluate a company's governance and the social and environmental impacts of its business. Valuation analyses is performed to ensure that the price of the stock is reasonable, and a risk assessment, which considers factors such as company-specific risks, policy risks and the possibility of negative events and overhangs.

Asset Allocation

The Fund will invest approximately 90-100% of assets in the Underlying Fund. The assets of the Underling Fund will generally be in accordance with the below:

- Equities and Depository Receipts (DRs) issued by companies domiciled in or exercising a large portion of their economic activity in Asia ex Japan region, or companies listed on the stock exchanges of these markets ("Equity and DRs")
- Exchange-traded stock index futures
- Exchange-Traded Funds (ETFs) that suit the above Investment Objective
- Bank Deposit

Changing the investment strategy

The investment strategy and asset allocation parameters may be changed. If a change is to be made, investors in the Fund will be notified in accordance with the Corporations Act.

Labour, environmental, social and ethical considerations

Equity Trustees and the Investment Manager do not generally take into account labour standards or environmental, social or ethical considerations for the purposes of selecting, retaining or realising investments.

Fund performance

Up to date information on the performance of the Fund can be obtained from www.eqt.com.au/insto. A free of charge paper copy of the information will also be available on request.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following table can be used to compare costs between this and other simple managed investment schemes. Fees and costs are deducted from the assets of the Fund and reduce the investment return to investors. For information on tax please see Section 7 of this PDS.

TYPE OF FEE OR COST	AMOUNT
Fees when your money moves in or out of the Fund	
Establishment fee	Nil
Contribution fee	Nil
Withdrawal fee	Nil
Exit fee	Nil
Management costs	
The fees and costs for managing your investment ¹	Management fees: 0.95% p.a. of the NAV of the Fund ²
	Indirect costs: 0.19% p.a. of the NAV of the Fund ³

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how management costs are calculated.

² Management fees can be negotiated. See "Differential fees" below.

³ The indirect costs are calculated and incorporate estimated amounts with reference to the relevant costs incurred during financial year ended 30 June 2017. See "Indirect costs" below for more information.

Additional Explanation of fees and costs

What do the management costs pay for?

Management costs comprise the additional fees or costs that an investor incurs by investing in the Fund rather than by investing directly in the assets.

The management fees of 0.95% p.a. of the NAV of the Fund is payable to the Responsible Entity of the Fund for managing the assets and overseeing the operations of the Fund. The management fees are accrued daily and paid from the Fund monthly in arrears and reflected in the unit price. As at the date of this PDS, ordinary expenses such as investment management fees, custodian fees, administration and audit fees, and other ordinary expenses of operating the Fund are covered by the management fees at no additional charge to you.

The management costs shown above do not include extraordinary expenses (if they are incurred in future), including litigation costs and the costs of convening members meetings.

In addition, management costs do not include transactional and operational costs (i.e. costs associated with investing the underlying assets, some of which may be recovered through Buy/Sell Spreads).

Indirect costs

Indirect costs include fees and management costs (if any) arising from underlying funds and a reasonable estimate of the cost of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Fund's investment strategy. Indirect costs are reflected in the unit price of the Fund and borne by Investors, but they are not paid to the Responsible Entity or Investment Manager.

The estimated components of the Fund's indirect costs are based on the financial year ended 30 June 2017. Actual indirect costs for future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqf.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transactional and operational costs

In managing the assets of the Fund, the Fund may incur transaction costs such as brokerage, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold. This generally happens when the assets of a fund are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of a fund.

The Buy/Sell Spread reflects the estimated transaction costs incurred in buying or selling assets of the Fund when investors invest in or withdraw from the Fund. The Buy/Sell Spread is an additional cost to the investor but is incorporated into the unit price and incurred when an investor invests in or withdraws from the Fund and is not separately charged to the investor. The Buy/Sell Spread is paid into the Fund and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is nil upon entry and nil upon exit. The dollar value of these costs based on an application or a withdrawal of \$50,000 is nil for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion.

Transactional costs which are incurred other than in connection with applications and withdrawals arise through the day-to-day trading of the Fund's assets and are reflected in the Fund's unit price. As these costs are factored into the NAV of the Fund and reflected in the unit price, they are an additional implicit cost to the investor and are not a fee paid to the Responsible Entity. These costs can arise as a result of bid-offer spreads (the difference between an asset's bid/buy price and offer/ask price) being applied to securities traded by the Fund. Liquid securities generally have a lower bid-offer spread while less liquid assets have a higher bid-offer spread.

During the financial year ended 30 June 2017, the total transaction costs for the Fund were estimated to be 0.67% of the NAV of the Fund, of which none of these transaction costs were recouped via the Buy/Sell Spread, resulting in a net transactional cost to the Fund of 0.67% p.a. These transactions costs reflect those of the Underlying Fund.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. Equity Trustees has the right to recover all proper and reasonable expenses incurred in managing the Fund and as such these expenses may increase or decrease accordingly. We will generally provide investors with at least 30 days' notice of any proposed change to the management costs. Expense recoveries may change without notice, for example, when it is necessary to protect the interests of existing members and if permitted by law. In most circumstances, the Constitution defines the maximum fees that can be charged for fees described in this PDS.

Differential fees

The Responsible Entity or Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors.

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for this managed investment product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

EXAMPLE – Mirae Asset Asia Sector Leader Equity Fund - Class A		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every \$5,000 you put in, you will be charged \$0
Plus		
Management Costs	1.14% p.a.	And , for every \$50,000 you have in the Fund you will be charged \$570 each year comprising:
Comprising:		
Management fees:	0.95% p.a.	\$475
Indirect costs:	0.19% p.a.	\$95
Equals		
Cost of Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then you would be charged fees of: \$570* What it costs you will depend on the fees you negotiate.

*This example assumes the \$5,000 contribution occurs at the end of the first year, therefore management costs are calculated using the \$50,000 balance only. Indirect costs are not a fee earned by or paid to the Responsible Entity or the Investment Manager.

Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

Warning: Additional fees may be paid to a financial adviser if you have consulted a financial adviser. You should refer to the Statement of Advice provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on your investment in the Fund.

Further reading...

You should read the important information in the Reference Guide under "Additional information on fees and costs" about the fees and costs associated with investing in the Fund before making an investment decision. Go to the Reference Guide which is available at www.investments.miraeasset.com.au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Fund.

The Fund is an Australian resident for tax purposes and does not pay tax on behalf of its members, this is provided all income is distributed. Australian resident investors are assessed for tax on any income and capital gains generated by the Fund and distributed to investors.

8. How to apply

To invest please complete the Application Form accompanying this PDS, and direct credit funds by electronic transfer (details are in the Application Form), and send your Application Form to:

Mainstream Fund Services Pty Ltd
Client Services Registry Team
GPO Box 4968
Sydney, NSW, 2001

Additional applications may be faxed to +61 2 9251 3525 or emailed to registry@mainstreamgroup.com (please insert the fund name in the subject line of the email.) Please note that cash cannot be accepted.

Who can invest?

Anyone can invest directly however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the Application Form provided by the operator of the IDPS.

Cooling-off period

If you are a Retail Client you may have a right to 'cool off' in relation to an investment in the Fund within 14 days of the earlier of:

- confirmation of the investment being received or available; and
- the end of the fifth business day after the units are issued or sold.

No cooling off applies if you are a Wholesale Client.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply. The right to cool off may not apply if you are an Indirect Investor, even if you are a Retail Client. The terms and conditions of the IDPS Guide or similar type document will govern your investment in relation to the Fund and any rights you may have in this regard.

Enquiries and complaints

If you have any questions regarding the management of the Fund, you can call the Investment Manager on +61 422 963 177. Equity Trustees will respond within 14 days of receiving the letter and will seek to resolve your complaint as soon as practicable but not longer than 45 days after receiving the complaint. If we are unable to resolve your complaint, you may be able to seek assistance from the Financial Ombudsman Service ("FOS"). To find out whether you are eligible (and if so, to make a complaint) contact FOS on 1800 367 287, info@fos.org.au or GPO Box 3, Melbourne VIC 3001.

Please include the Equity Trustees FOS membership number with your enquiry. It is 13095.

FOS is an independent body that can assist you if Equity Trustees cannot. FOS may not consider a dispute where the value of a person's claim exceeds \$500,000. FOS is only able to make a determination of up to \$309,000 per managed investment claim (excluding compensation for costs and interest payments). These monetary limits and the FOS terms of reference do change from time to time. Current details can be obtained from the FOS website (www.fos.org.au).

- If this is a joint application each of us agrees that our investment is held as joint tenants.
- I/We acknowledge and agree that where the Responsible Entity, in its sole discretion, determines that:
 - I/we are ineligible to hold units in a Fund or have provided misleading information in my/our Application Form; or
 - I/we owe any amounts to Equity Trustees, then I/we appoint the Responsible Entity as my/our agent to submit a withdrawal request on my/our behalf in respect of all or part of my/our units, as the case requires, in the Fund.

Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read and agree to the declarations above.
