# 1. Investing in the Mirae Asset HK Fund

## How to invest

To invest in the Fund, please complete the Application Form that accompanies the PDS and make payment via electronic bank transfer (see details in the Application Form).

Completed Application Forms should be sent along with your identification documents (if applicable) to:

FundBPO  
Client Services Registry Team  
GPO Box 4968  
Sydney, NSW, 2001

Please note that cash cannot be accepted.

## Application cut-off times

If we receive a correctly completed Application Form, acceptable identification documents (if applicable) and cleared application money:

- before or on 2pm (Sydney time) on a Business Day, the application will generally be processed on that Business Day. If your application for units is accepted, you will receive the Application Price calculated for that Business Day; or
- after 2pm (Sydney time) on a Business Day, the application will generally be processed on the next Business Day. If your application for units is accepted you will receive the Application Price calculated for the next Business Day.

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Fund's investors.

## Cooling off rights

If you are a Retail Client you may have a right to 'cool off' in relation to an investment in the Fund within 14 days or the earlier of:

- confirmation of the investment being received or available; and
- the end of the fifth Business Day after the units are issued or sold.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as a unit holder in a fund during the 14 day period, this could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in a fund by the IDPS. The right to cool off in relation to a fund is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of a unit holder in a fund. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in a fund on their behalf. The terms and conditions of the IDPS Guide or similar type document will govern an Indirect Investor's investment in relation to a fund and any rights an Indirect Investor may have in this regard.

# 2. Managing your investment

## Authorised signatories

You can appoint a person, partnership or company as your authorised signatory. To do so, please nominate them on the initial Application Form and have them sign the relevant sections. If a company is appointed, the powers extend to any director and officer of the company. If a partnership is appointed, the powers extend to all partners. Such appointments will only be cancelled or changed once we receive written instructions from you to do so.

Once appointed, your authorised signatory has full access to operate your investment account for and on your behalf. This includes the following:

- making additional investments;
- requesting income distribution instructions to be changed;
- withdrawing all or part of your investment;
- changing bank account details; and
- enquiring and obtaining copies of the status of your investment.

If you do appoint an authorised signatory:

- you are bound by their acts;
- you release, discharge and indemnify us from and against any losses, liabilities, actions, proceedings, account claims and demands arising from instructions received from your authorised representatives; and
- you agree that our acting on any instructions received from your authorised representative shall amount to complete satisfaction of our obligations, even if these instructions were made without your knowledge or authority.

## Reports

We will make the following statements available to all investors in the Fund;

- A transaction confirmation statement, showing a change in the investor's holding. Such statement shall be provided when a transaction occurs; it may also be provided on request.
- The Fund's half-yearly financial account (if applicable).
- The Fund's annual audited accounts for the relevant financial year.
- Annual distribution, tax and confirmation of holdings statements for the relevant financial year.

## Unit price and valuations

Your investment is represented by the number of units you are allocated at the time of investment.

The NAV of units in the Fund is calculated on each Business Day, and is calculated by deducting the value of the liabilities of the Fund from the value of its gross assets in accordance with the Fund's Constitution. The Unit price may rise or fall.

The Application Price of a Unit in the Fund is based on the NAV and the Buy Spread, divided by the number of units on issue.

# 3. Withdrawing your investment

## Withdrawals cut-off times

All withdrawal requests must be received by 2pm (Sydney time) on a Business Day for processing that day and will generally receive the Withdrawal Price for that Business Day. Any withdrawal request received after that time will be treated as having been received the following Business Day.

We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion. We have the discretion to delay processing withdrawal requests where we believe this to be in the best interest of the Fund's investors.

Please see the PDS for information regarding how to request a withdrawal.

## Payment of withdrawals

Generally, we will instruct that your withdrawal proceeds be transferred to your nominated bank account within 14 days from the time we receive your withdrawal request.

However, the Constitution allows Equity Trustees to delay payment up to 21 days after receipt of a request and use its discretion to extend this period in certain circumstances.

We may contact you to check your details before processing your withdrawal request. This may cause a delay in finalising payment of your withdrawal money. No interest is payable for any delay in finalising payment of your withdrawal money.

We are not responsible or liable if you do not receive, or are late in receiving, any withdrawal money that is paid according to your instructions.

## Withdrawals terms

Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

When you are withdrawing, you should take note of the following:

- We reserve the right to fully redeem your investment if, as a result of processing your request, your investment balance in the Fund falls below the minimum balance set out in the PDS.
- If we cannot satisfactorily identify you as the withdrawing investor, we may reject your withdrawal request or payment of your withdrawal proceeds will be delayed. We are not responsible for any loss you consequently suffer.
- As an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier or fax, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- You agree that if the payment is made according to these terms you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

## Withdrawal restrictions

Under the Corporations Act, you do not have a right to redeem from a fund if the fund is illiquid. In such circumstances, you will only be able to redeem your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

A fund will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, should Equity Trustees be unable to realise sufficient assets to meet withdrawal payments, it may suspend the calculation of the NAV and withhold withdrawal proceeds.

## 4. Risks of managed investment schemes

The Fund may be exposed to risks directly or indirectly through its investment in the Underlying Fund. However, these risks are not exhaustive and there could be other risks that could adversely affect the Fund.

### Counterparty risk

Counterparty risk is the risk that the counterparty to a transaction or contract (such as a broker or other agent of Equity Trustees) may default on their obligations and that the Fund may, as a result, experience an adverse investment outcome or liability.

## Legal and regulatory risk

Legal risk is the risk of losses to the Fund occurring as a result of legal issues, principally loss due to the non-enforcement of a contract. This non-enforcement may arise from insufficient documentation, insufficient capacity or authority of a counterparty, uncertainty in relation to the interpretation of the law or unenforceability in bankruptcy or insolvency. There is also risk that laws, including taxation laws, might change, adversely affecting the ability of the Fund to achieve its objective and/or adversely affecting the Fund's performance.

## China market risk

Investing in China is subject to the risks of investing in emerging markets generally as well as country specific risks relating to China. As China is still undergoing economic reforms, investments in China remain sensitive to any major change in economic, social and political policies in China. Further, the Renminbi (RMB) is currently not a freely convertible currency and is subject to currency exchange control and repatriation policies of the Chinese government. The legal and regulatory framework in China is less developed when compared with that of other developed countries and there is also a possibility that the tax law and practice in China may be changed with retrospective application. Changes in such policies as well as fluctuation in the rate of exchange of the RMB may adversely affect the performance of the Underlying Fund. The Chinese stock market is still developing and will sometimes be subject to substantial fluctuation of the prices of securities.

## Political risk

There may be higher political risk due to the fragile nature of some of the developing countries in which the Underlying Fund may invest. Political instability and/or political disturbances are more common in developing countries than in developed countries and can affect the value of companies domiciled in the affected country. Policy mistakes by governments in developing countries can affect the value of companies domiciled in the affected country. Severe currency depreciation can occur in developing countries.

## The Constitution

The Fund is governed by a constitution that sets out the Fund's operation (the “Constitution”). This Constitution, together with the Fund's PDS, this RG, the Corporations Act and other laws, regulate our legal relationship with investors in the Fund. If you invest in the Fund, you agree to be bound by the terms of the Fund's PDS, this RG and the Fund's Constitution. You can request a copy of the Constitution free of charge. Please consider these documents before investing in the Fund.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

## Anti-Money Laundering and Counter Terrorism Financing (AML/CTF)

Australia's AML/CTF laws require Equity Trustees to adopt and maintain an Anti-Money Laundering and Counter Terrorism Financing programme. A fundamental part of the AML/CTF programme is that Equity Trustees knows certain information about investors in the Fund.

To meet this legal requirement, we need to collect certain identification information and documentation (KYC Documents) from new investors. Existing investors may also be asked to provide KYC Documents as part of a re-identification process to comply with AML/CTF laws. Processing of applications or withdrawals will be delayed or refused if investors do not provide the applicable KYC Documents when requested.

Under the AML/CTF laws, Equity Trustees is required to submit regulatory reports to AUSTRAC. This may include the disclosure of your personal information. Equity Trustees may not be able to tell you when this occurs and, as a result, AUSTRAC may require Equity Trustees to deny you (on a temporary or permanent basis) access to your investment. This could result in loss of the capital invested, or you may experience significant delays when you wish to transact on your investment.

Equity Trustees shall not be liable for any loss you may suffer because of compliance with AML/CTF laws.

## Indirect Investors

You may be able to invest indirectly in the Fund via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator. This will mean that you are an Indirect Investor in the Fund and not a unitholder or member of the Fund. Indirect Investors do not acquire the rights of a unitholder as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the disclosure document issued by the IDPS Operator.

## Information on underlying investments

Information regarding the underlying investments of the Fund will be provided to an investor of the Fund on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

## FATCA

The Fund is required to comply with the U.S. Foreign Account Tax Compliance Act (“FATCA”). To comply with these requirements, the Fund will collect certain additional information from you and will be required to disclose such information to the ATO or the U.S. Internal Revenue Service.

# 6. Enquiries and complaints

## Keeping in touch

If you have an enquiry regarding the management of the Fund please contact the Investment Manager on +614 2296 3177

If you are investing through an IDPS, then enquiries and complaints should be directed to the IDPS Operator, not to the Investment Manager.

Equity Trustees seeks to resolve potential and actual complaints to the satisfaction of investors. If an investor wishes to lodge a formal complaint please write to:

Enterprise Risk Team  
Equity Trustees Limited  
GPO Box 2307

Equity Trustees will seek to resolve any complaint and will respond as soon as possible and in any case will respond within 14 days of receiving your letter. We will seek to resolve your complaint as soon as practicable but not longer than 45 days after receiving the complaint.

## The Financial Ombudsman Service (FOS)

If we are unable to resolve your complaint, you may be able to seek assistance from the Financial Ombudsman Services (“FOS”).

FOS is only able to make a determination of up to \$309,000 per managed investment claim (excluding compensation for costs and interest payments). If you are investing through an IDPS, then enquiries and complaints should be directed to the IDPS Operator, not Equity Trustees.
